WEDDINGS 2012 - 2013

# Thank you...

... for looking into our wedding photography packages in more detail!

We understand looking for a wedding photographer can be a little daunting as there are so many different choices and styles of photography around - we've been there ourselves. We appreciate everyone does things a little differently and that can put your mind in a pickle.

We don't like things to be complicated and would rather just let you know the essentials upfront; like what we offer and how much we cost. This is no time for secrets!

This little e-brochure should help you find out a bit more information on how we work and what we do for you on the day and after your wedding.

Our blog is also a really good place to have a root around and see what we've been up to lately.

Have fun browsing and feel free to give us a shout if you have any questions or want to take things further.

*Thank you!*

## OUR WEDDING COVERAGE EXPLAINED

*We split our coverage up into sections so it's easy for us to put together a day schedule, and so you know exactly what parts of the day we'll be photographing. Here is a breakdown of the different parts of the day we cover in our full day package:*

---

### GETTING READY

The morning always has a real buzz about it. There is always such an exciting energy. As well as being the perfect time to photograph details like shoes, bouquets and dresses, it's an opportunity for us to meet everyone and get them used to having a camera around.

### CEREMONY

We take it for granted you're going to want this! We cover everything from the guests arriving to the excitement immediately after, and - provided we're given permission by your registrar or vicar - all the bits that happen in-between.

### GROUP PHOTOS

We like to take a relaxed approach to our photography but if you want more 'formal' shots of your family & friends this usually takes place just after the ceremony. We advise you keep this to around half an hour and recommend a maximum of 10 group shots.

### EARLY RECEPTION

This is where we blend into the background and let you catch up with your guests. At this point we'll also take photos of your table settings, cake and any other surprises you have in store. We'll also be there for your speeches, whether before, after or even during your meal.

## LOCATION SHOOT

We try and time this when the light is at it's best, often after your meal in the lull before your evening starts. This shoot is always loads of fun and the time to get some amazing photos of the two of you on your own. It's also a chance for you both to catch your breath before the party gets started!

## EVENING RECEPTION

We think half the fun of cutting the cake and your first dance is the reactions of your guests, and with two of us shooting we won't miss a thing. Whether you're having a band, a DJ or anything else, we'll make sure you've got all the photos you need and that everything is in full swing before we leave you to dance the night away!

*Here are some  
other things  
we can do...*

#### **EXTENDED PRE-WEDDING SHOOT**

A chance to get used to being in front of the camera so you're a pro come your wedding day, as well as an opportunity to celebrate your engagement with some romantic, fun and creative photographs on location.

#### **DRESS SHOOT**

It's not always possible to have an extended location shoot on your wedding day, especially in the Autumn and Winter months when days are shorter. With a dedicated dress shoot we will have plenty more time to explore different locations for up to 5 hours. This is perfect if you weren't able to travel to a favourite location from your wedding venue on the day.

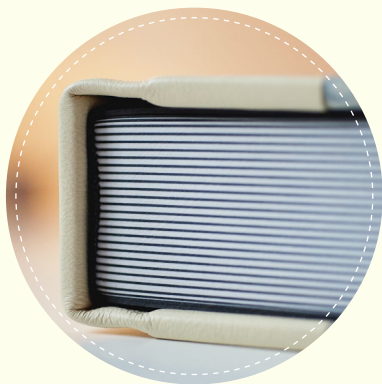

ALBUMS  
*and*  
BOOKS

12" X 12" FINAO ONE ..... £720 each

8" X 8" FINAO ONE ..... £520 each

5" X 5" PARENT BOOK\* ..... £75 each

The **Finao ONE** is a flush mount album with really thick, sturdy pages. The images are printed directly onto the pages so there are no photos to slip out over time.

There are so many varied and stylish cover swatches for you to choose from including silk brocades, fancy fabrics and vegan materials, with colours and textures to suit all tastes.

These babies are carefully crafted to last you a life time and more.

You can also keep your parents (or Bridesmaids) happy by ordering them a thinner-page Parent Book\* to compliment your album.

\*PARENT BOOKS CAN ONLY BE ORDERED WHEN PURCHASING A FULL-SIZE ALBUM

## ARCHIVE DVD

*Our package comes complete with a  
Royalty-Free Archive Disc for personal,  
non-commercial use.*

---

The DVD will include all the final shots from your wedding. The number of shots can vary but averages around 400.

All of the JPEG files included on the disc are post-processed so they look their absolute best.

On your disc we will provide you with unwatermarked high resolution images (300dpi) suitable for print. We also provide a folder full of the same photos resized and prepped for you to use on the web.

The disc itself is presented with a beautiful customised Presentation Book and slip case, so it can take pride of place on your bookshelf!

## F.A.Q.

frequently asked  
questions

**Q. How much is the booking fee and when is the final total due?**

**A.** Our booking fee is **£250** and this goes against the final payment of your day. The final amount is due one calendar month before your wedding, although you can make Google Checkout installment payments using your own secure online personal account whenever you like before this.

**Q. How long before we get to see our photos?**

**A.** We aim to get your contact sheet online **4-5 weeks after your wedding** although we will send you taster images before this. Waiting times may be a little longer later in the year, after the summer.

**Q. Do you have Public Liability insurance?**

**A.** Yes. Please feel free to get in touch if your venue requires a copy of our certificate.

**Q. We don't need bridal prep photos / evening photos / two photographers. Do we get a discount?**

**A.** Our packages are fixed as a base so there is no discount if you choose not to have everything offered, or don't feel like you need us all day. Sorry. We may offer reduced coverage off peak or mid-week.

**Q. Do you shoot outside of Dorset/Hampshire?**

**A.** Absolutely. For shoots further than 25 miles from Bournemouth we may charge mileage or extra accommodation, but we are always willing to travel. For weddings abroad you will only need to cover the cost of our flights.

**Q. Why is wedding photography so expensive? We're just hiring you for one day aren't we?**

**A.** That would be a jammy job indeed! As well as hiring both of us for the actual day, we put in a lot of time before and after your wedding. We don't just shoot and burn photos straight-to-disc, and the price reflects all the preparation, liaising and post-production work needed to ensure your final package is as good as it can possibly be. To ensure we can devote as much time as possible to each of our clients we're only accepting a maximum of 20 weddings this year. This is to keep the waiting times down, our energy levels up and give every client the time and attention they deserve.

*If you have another question not covered here just shout!*

*We hope that's helped...*
